

# Nazia Hasan

UI Design | User Experience

I am specialized in designing **web services, apps** and **digital interfaces** that are **aesthetic** and **responsive**. I like to work within a team to achieve goals, grow brands and ensure excellent service experience for end-users. I have a **Master's degree** with **UX major, 4.5+ years experience** and prior expertise in **Software Quality Assurance** and **Business Development**. I am Empathetic, Detail-oriented and a Collaborative worker, ready to undertake new challenges.

## Work Experience
