uxfol.io/nazarahthecat

Lohja, Uusimaa, Finland

I aim to align business goals and end user satisfaction while conceptualizing solutions. I enjoy working with developers to harmonize UX & implementation works. I have a **Master's degree** with **UX major** and relevant **professional experience (5+ years)**. I love to face a challenge with empathy, focus on details and bringing uniqueness towards its solution.

Experience

UX Designer

Piceasoft

Tampere, Finland

January 2023 - Present

I **design** and **evaluate** processes and related interfaces that enable people to **extend the lifecycles** of their **electronic** and **smart devices** via different services in the **circular economy**.

Head of UX

Platform of Trust

Tampere, Finland

July 2019 - November 2022

Starting as a **DX Developer**, towards becoming a **Product Manager**, the **Design Lead in Concepts and APIs**, and in my last role, my focus was on data servitization and monetization field targeting build environment industry in Finland. I **managed product development** works and **ensured great Developer eXperience** for related company products. I also made a **design system** for developing company services.

UI/UX Designer

Sampo Software Oy

Tampere, Finland

June 2016 - January 2019

I worked on projects from diversified application fields (API management system, real-time monitoring of biomass equipment, and secured bike storage.) My work included doing **user research**, **wireframing**, to creating **low/mid fidelity prototypes**, **interaction model**, **usability evaluation**, and **user-onboarding**.

Senior Software Quality Assurance Engineer

Ohon Technology Ltd.

Dhaka, Bangladesh

May 2014 - August 2014

I took the responsibilities of **managing an offshore software quality assurance (SQA) team** of a USA based software firm.

Software Business Development Executive

TigerIT Bangladesh Ltd.

Dhaka, Bangladesh

October 2013 - April 2014

I worked in **tender procurement** for government and international ICT projects. I also composed **technical documentation** of company products and services.

Software Quality Assurance Engineer

SoftwarePeople Bangladesh

Dhaka Bangladesh

August 2011 - July 2013

I worked to **analyze requirements**, prepare and manage **test cases**, execute **manual & automated testing**, **track** bugs, etc.
