Experiences

Design Lead - Concepts & APIs

Platform of Trust

Tampere, Finland

Jul 2019 - present

Starting as a **DX Developer**, towards being a **Product Manager** and obtaining my current role, my focus is on data servitization and monetization field targeting build environment industry in Finland. My responsibilities are divided between **managing product development** works and ensuring great **Developer eXperience** for related company products. Currently, I am working on developing a **design system** and **UX guidelines** for existing and upcoming services developed by Platform of Trust.

UI / UX Designer

Sampo Software Oy

Tampere, Finland

Jun 2016 - Jan 2019

I worked on projects that were diverse from one another in terms of target audiences and key-problem area solutions (API management system, real-time monitoring of biomass equipment, and secured bike storage.) My work spanned from doing **user research**, **wireframing**, to creating **low/mid fidelity prototypes**, **interaction model**, **usability evaluation**, and **user onboarding materials**.

Sr. Software Quality Assurance Engineer

Ohon Tech Ltd.

Dhaka, Bangladesh

May 2014 - Aug 2014

I took the responsibilities of managing an offshore software quality assurance (SQA) team of a USA based software firm.

SW Business Development Executive

TigerIT Ltd.

Dhaka, Bangladesh

Oct 2013 - Apr 2014

I worked in the **tender procurement** for government and international ICT projects. I also composed **technical documentation** of company products.

Software Quality Assurance Engineer

SoftwarePeople Ltd.

Dhaka, Bangladesh

Aug 2011 - July 2013

I worked to **analyze requirements**, prepare and manage **test cases**, execute **manual & automated testing**, **track bugs**, etc.
