## UI and UX Designer

I am specialized in **designing web services, apps and digital interfaces** which are **aesthetic** and **responsive**. I have a **Master's degree with UX major, 4.5+ years experience** & prior expertise in Software Quality Assurance & Business Development. I have interests on **Dashboard design, Developers' Experience, Industrial Machinery Monitoring, Well-being Technology & Location-based Services**.

I like to work within a team to achieve goals, grow brands, and ensure excellent service experience for end-users.

I am **Empathetic, Detail-oriented** and a **Collaborative** Worker, ready to undertake new challenges.
