

Nazia Hasan

UX Designer | Product Designer

I aim to align business goals and usage satisfaction while conceptualizing solutions. I enjoy working with devs to harmonize UX & implementation works. I have a **Master's degree with UX major** and **7+ years** of experience.

I love strength training, playing with Legos, and hiking in the summer time.

Experiences

Design Lead - Concepts & APIs

Platform of Trust Tampere, Finland Jul 2019 - present
Starting as a **DX Developer**, towards being a **Product Manager** and obtaining my present role, my focus is on data servitization and monetization field targeting build environment industry in Finland. My responsibilities are divided between **managing product development** works and ensuring great **Developer eXperience** for related company products. Currently, I am working on developing a **design system** and **UX guidelines** for existing and upcoming services developed by Platform of Trust.

UI / UX Designer

Sampo Software Oy Tampere, Finland Jun 2016 - Jan 2019
I worked on projects that were diverse from one another in terms of target audiences and key-problem area solutions (API management system, real-time monitoring of biomass equipment, and secured bike storage.) My work spanned from doing **user research, wireframing**, to creating **low/mid fidelity prototypes, usability evaluation, and content creation** for user onboarding.

Sr. Software Quality Assurance Engineer

Ohon Tech Ltd. Dhaka, Bangladesh May 2014 - Aug 2014
I took the responsibilities of managing an offshore software quality assurance (SQA) team of a USA based software firm.

SW Business Development Executive

TigerIT Ltd. Dhaka, Bangladesh Oct 2013 - Apr 2014
I worked in the **tender procurement** for government and international ICT projects. I also composed **technical documentation** of company products.

Software Quality Assurance Engineer

SoftwarePeople Ltd. Dhaka, Bangladesh Aug 2011 - July 2013
I worked to **analyze requirements, prepare and manage test cases, execute manual & automated testing, track bugs, etc.**

Other Experiences

Keynote Speaking

1. API Days Helsinki & North 2022 - "Low/No Code Driven Development - winning sales pitch with "WOW EFFECT"
2. APIOps Helsinki Meetup, November 2020 - "API Documentation & Developer Guide"
